

## ABOUT US

Cipsaş Food Industry and Trade Inc. (Cipsaş Gıda Sanayi ve Ticaret Anonim Şirketi) is a manufacturer and exporter of corn chips and hummus chips, located in Denizli, Turkey.

The company, which was in the nuts sector from 1968 to 2012, added corn chips to its production after 2012 and produced both nuts and corn chips. After 2018, it ended its nuts production activities and started to produce only chips and has been continuing since then. Cipsaş has now become one of the biggest chips exporters in Turkey with the capacity to produce 10 tons/day bulk products and 4 tons/day packaged products.

Cipsaş adapted its activities to the needs of the global market. In the face of rapidly increasing demand, the company advanced its operational excellence through the latest technology and by hiring the best professionals.

In addition to the corn chips production, Cipsaş has also added hummus chips to its products in order to close the gap in healthy snacks in the sector and to produce healthier products. Having succeeded in producing its hummus chips entirely from chickpea and black chickpea, Cipsaş has also applied for a product patent and the patent process continues.

Nowadays, Cipsaş is one of the premier snacks production companies and is continuously expanding exponentially.

The company produce and export a wide range of packaged and bulk products of corn chips and hummus chips.
